

## 20315 EASTER CROSS

### SPECIAL INSTRUCTIONS

READ ALL INSTRUCTIONS BEFORE BEGINNING TO STITCH. • STITCH COMPLETELY BEFORE CUTTING. • LOOK AT THE COLOR PHOTO WHEN NECESSARY. • REFER TO THE GENERAL INSTRUCTIONSHEET FOR DIAGRAMS OF THE STITCHES USED. • UNLESS OTHERWISE NOTED, WORK DESIGN IN CONTINENTAL STITCH.

### COLOR CHART STITCHES USED

Continental Stitch	White
Cross Stitch	Gold
Zig Zag Stitch	Lilac
Slanted Gobelin	Light Purple
Back Stitch	Green
Whip Stitch	Dark Green
	Grey

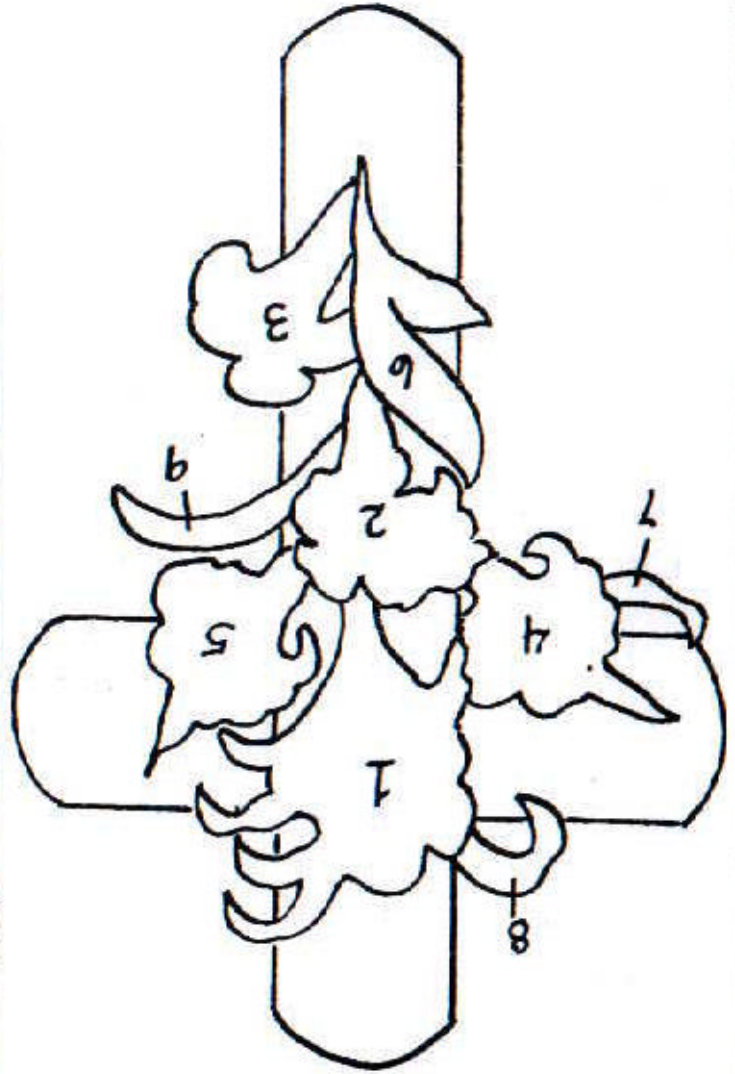

**HORIZONTAL CROSS PIECES C AND D:** Continental Stitch the borders around pieces C and D with Light Purple. Work the center sections in Lilac Zig Zag Stitch, referring to the chart for stitch length and direction. Bind with Whip Stitch, using matching colors.

**ASSEMBLY:** Refer to the color photo and drawing. Use either matching thread or small amounts of clear drying glue to attach the pieces in the following order. Lay the two horizontal cross pieces next to each other to form the horizontal bar of the cross. Place the vertical bar of the cross over the top of the horizontal pieces. The cross bar pieces should be about 5" from the top edge. Make sure that the pieces are straight and then secure. Next position the flowers over the cross starting with #1. Refer to the drawing and photo for help with the placement. Flower #2 slightly overlaps the bottom of flower #1. Attach flower #3 below and to the right of flower #2. Place flower #4 under the left top side of flower #2 and flower #5 under the right side of flower #2. Finish by attaching leaf #6 over the bottom edges of Flowers #2 and 3. Place leaf #7 under flower #4, leaf #8 under the left side of flower #1 and leaf #9 under the right side of flower #2.

**TO HANG:** Make a small hanger loop from a scrap of yarn and attach it to the top section of the back of the cross, or purchase a small saw tooth picture hanger and sew it to the back. Be careful that your stitches do not show on the front.

Enjoy your **EASTER CROSS** wall hanging! Thank you for selecting a **TEMPTATIONS** needlework kit.
