Stitching plan: Stitch all pieces following chart. Backstitch around windows and garage door as shown on charts with backstitches in dk blue. Work French knots for door handles in dk blue other stitching is complete. The side of garage which abuts the house is left unstitched.

Assembly:

House unit: Join wall pieces 1, 2, 3, and 4, with Lt blue. Overcast top of house with Lt blue. Join wall unit to unstitched bottom piece with Lt blue.

Roof and chimney: With dk blue, join roof pieces 5 and 6 at long edge on overcast for edges. Centre roof on house unit with glue. With dk blue, join chimney pieces 7, 8, 9, and 10 and overcast top and bottom edges. Glue to roof as shown in construction diagram.

Garage: Join wall pieces 11, 12, 13, and 14 (this piece is not stitched) and overcast around top edge with Lt blue..

Fence and yard: Join fence pieces 17, 18, 19, 20 and 21 at short edges and overcast top edge with white. Join fence to yard piece (22) with white. Overcast driveway edge with grey

Finishing: Follow assembly diagram, glue garage to yard so garage door matches driveway. Put glue on unstitched side of

garage, then glue house unit to bottom and garage side at same time. Decorate as decided..
