**Stitching plan:** Stitch all pieces following chart. Backstitch windows and doors with dk green. Make dk green French knots for door knobs after stitching is complete.

### Assembly:

**House unit:** Join wall pieces 1, 2, 3, and 4, with yarn, matching adjacent stitches. Overcast top edge of house with white. Join bottom of house to unstitched base with Lt green. Stitch roof overhang ( piece 13 ) and overcast all 4 edges with dk green, set aside for gluing later.

**Roof and chimney:** Along sharp edges, join pieces 5, 6, 7, and 8 for roof with dk green. Overcast piece 9 to top of roof. For chimney, join pieces 10, 11, and 12, and overcast around all edges with dk green. Glue chimney to roof as shown in construction diagram. Glue roof to house unit.

**Porch:** Overcast back edge of porch floor ( 14 ) with grey. Join porch front ( 16 ) to sides ( 15 and 17 ) at short edges with grey; then overcast bottom and ends of these joint pieces with grey. Set aside.

Cut out centre of porch railing ( pieces 18, 19, 20, and 21 ) and carefully trim off all nubs. With Lt green, overcast around top and sides of inside coatings ( do not overcast bottom bar ). At short ends, join pieces 20 to 21; then join pieces 18 to 19. You now have two railing section.

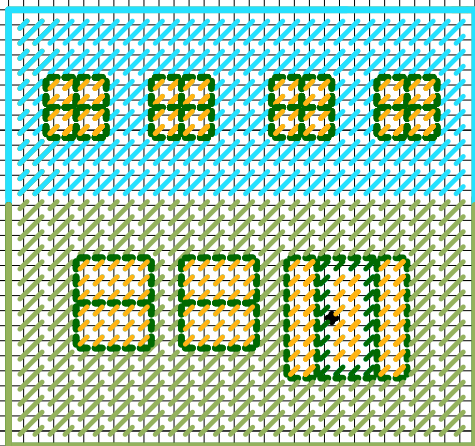

**Railing :** You will now join the railing to the porch floor and porch front and side emit, working through three pieces at the same time ( Fig 33 ). Use Lt green yarn to join the railing units; then grey yarn to finish porch floor area between the railing. Set porch unit aside.

**Steps:** Make two step units, one for the front porch and one for the back door. For each unit, overcast the 3 pieces ( 22, 23, and 24 ) with grey, as in ( Fig 34 ). Set aside.

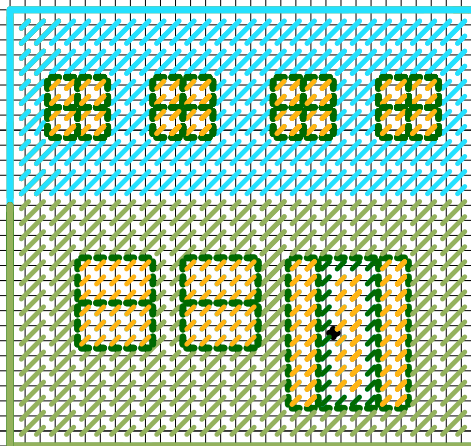

**Yard and fence:** At short end with dk green, join fence pieces 25, 26, 27, 28, and 29. Overcast top edge with dk green. Join fence to yard outer edges with white; overcast yard area between fence at front with white.

**Finishing:** With lt green, overcast around each of the 16 shutters ( pieces S ). On second story and glue shutters to front, sides, and back as in construction diagram. Glue overhang on from with its top just video bottom white row of second story; hold in place with pins until glue is set. Follow placement indicated on chart for yard, glue house in place, glue porch unit at front of house, pushing it snugly against front piece. Glue one set of steps up against porch between ratings. Glue other steps at door on back piece.

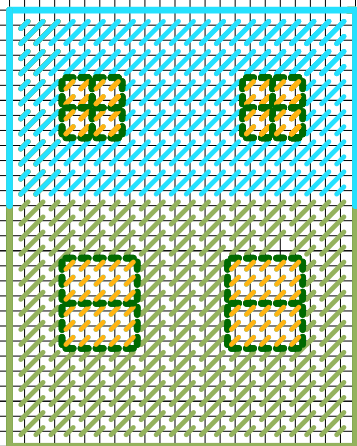

**Wreath:** Make a 3/4 " diameter red wreath ( medium size ) with green bow ( see general instructions ) to hang between centre windows on second floor of front of house, and another the same size to hang over back door. Decorate as desired.

1 - Front ( 29 X 31 sq's )

3 - Back ( 29 X 31 sq's )

2 - 4 Side ( 29 X 23 Sq's )

S - Shutters ( 5 X 1 Sq's )

Make 16

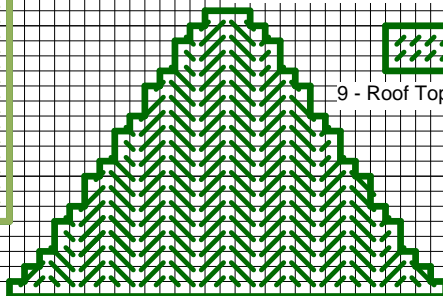

B - Bottom ( 23 X 31 Sq's ) ( Don't stitch )

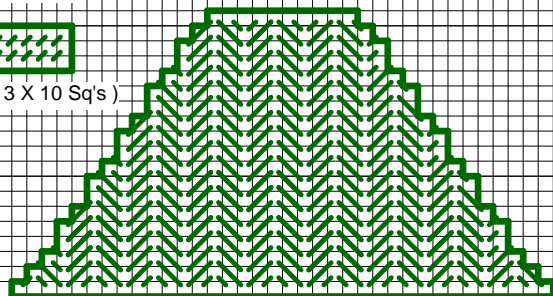

13 - Roof Overhang ( 3 X 28 Sq's )

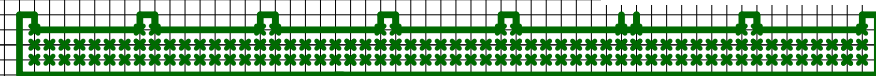

9 - Roof Top ( 3 X 10 Sq's )

6 - 8 Roof Sides ( 19 X 29 Sq's )

5 - 7 Roof Front & Back ( 36 X 19 Sq's )

26 - 28 Side Fence ( 4 X 57 Sq's )
